

Pending Questions from the Q&A of July 12, 2022, State of 911 Webinar:

1. Is funding for research on PSAP size and needs eligible?

*Funding would need to comply with the grant requirements and, generally, going to be focused on how the request will assist in the post-crash care or other elements of the Safe System Approach.*

2. Regarding funding to individual PSAPs, would the grant fund GIS collaboration with the local emergency response services? Currently some use commercial data that is not very accurate.

*Funding would need to comply with the grant requirements and, generally, going to be focused on how the request will assist in the post-crash care or other elements of the Safe System Approach.*
